

Operating Conference

July 22-24, 2008

Hyatt Regency – Downtown Atlanta, Georgia

---

## Transmission Integrity Management Programs (TIMP) Round Table

*safely managing the lifecycle of pipelines*

### Round Table Chairmen / Discussion Leaders

Chairman: Virgil Wallace, Williams  
[virgil.wallace@williams.com](mailto:virgil.wallace@williams.com) (713) 215-2692

Vice Chairman: Garry Matocha, Spectra Energy  
[gmmatocha@spectraenergy.com](mailto:gmmatocha@spectraenergy.com) (713) 627-4894

**Wednesday Morning - July 23, 2008 (8:00 to 9:30)**

### General Session 1 - Transmission Integrity Management Programs (Vendors welcome)

*Moderators: Virgil Wallace & Garry Matocha*

#### Introduction

#### **TIMP – The current status and issues**

Presenter: Dave Johnson, Technical Consultant,  
Southern Union Gas/Panhandle Energy

#### **TIMP - How it's changed what we do**

Presenter: Mark Hereth, Principal, Process Performance  
Improvement Consultants, LLC

#### **TIMP– The operators' experience**

Presenter: Chris Bullock, Sr. Pipeline Integrity Engineer,  
CenterPoint Energy

**Wednesday Morning - July 23, 2008 (10:00 to 11:30)**

### General Session 2 - Updates - Regulations and Standards (Vendors welcome)

*Moderators: Keith Leewis, Jerry Rau*

- CP requirements; RP 0169
- PIPA
- NACE RP 0502
- ASME life cycle management
- Seven year re-inspection interval
- ASME B31.8S
- Audits and hearings
- 80% NOPR
- IMP for offshore facilities

**Wednesday Afternoon - July 23, 2008 (1:30 PM to 2:30 PM & 3:00 PM to 4:30 PM)**

**Operations Round Tables  
(Pipeline Operators only)**

<p><b>Track 1 - ILI Round Table</b></p> <p><b>Moderator: Shawn Miller Dominion</b></p>	<p><b>Track 2 - DA, CP, and Corrosion Management Round Table</b></p> <p><b>Moderator: Rickey Payne CenterPoint Energy</b></p>	<p><b>Track 3 - Data integration, HCA identification, Risk Round Table</b></p> <p><b>Moderator: Charlie Childs El Paso</b></p>
<ul style="list-style-type: none"> <li>• What is available in ILI tools</li> <li>• Comparing multiple ILI runs</li> <li>• ILI dig criteria</li> </ul>	<ul style="list-style-type: none"> <li>• Atmospheric corrosion in casing</li> <li>• Changed and new tools needed</li> <li>• ECDA</li> <li>• What happens when not working</li> <li>• Lessons learned</li> <li>• Routine CP monitoring of rectifiers, etc.</li> <li>• Guided wave UT</li> <li>• Periodic CIS program</li> <li>• Near neutral SCC DA</li> </ul>	<ul style="list-style-type: none"> <li>• Non-mainline pipe – blow offs; crossings; etc.</li> <li>• Modeling risk management – where do we go next</li> <li>• Business and safety consequences</li> <li>• Managing assessment cycle follow-ups</li> <li>• Continuous improvement</li> <li>• Manage asset</li> <li>• Data integration and management</li> <li>• Now what</li> <li>• Uses</li> <li>• Value</li> <li>• Recordkeeping</li> <li>• Summary of decisions</li> <li>• Addressing 3rd party threats</li> </ul>

**Thursday Morning - July 24, 2008**

**General Session 3**

**Thursday Morning - July 24, 2008 (8:00 to 8:30)**

**Summaries of Wednesday Round Tables  
(Vendors welcome)**

- ILI Round Table
- DA, CP, and corrosion management Round Table
- Data integration, HCA identification, Risk Round Table

**Thursday Morning - July 24, 2008 (8:30 to 9:00)**

**Transmission Integrity Management Programs  
- Company Practices  
(Pipeline Operators Only)**

Moderator: Garry Matocha

- Pipeline integrity for non-HCAs
- Regulations and IC design compliance
- Managing assessment cycle follow-ups
  - Continuous improvement
  - Manage asset

**Thursday Morning - July 24, 2008 (9:00 to 10:15)  
(Pipeline Operators only)**

- Other discussion points

**Thursday Morning - July 24, 2008 (10:15 to 11:30)  
(Pipeline Operators only)**

- Questions Raised by Participants

**Conference adjourns @ 11:30**

**Thursday Afternoon - July 24, 2008 (1:00 to 5:00)  
and**

**Friday Morning - July 25, 2008 (8:00 to 12:00)**

**Round Table - AGA/SGA Benchmarking/Best Practices**

- Internal Corrosion/ICDA
- Cased Crossings
- Interactive Threat
